

HELP WHEN YOU NEED IT MOST
24-Hour Hotline (800) 500-1119
WWW.HUBBARDHOUSE.ORG

Founded as the first domestic violence shelter in the Southeast, Hubbard House has been providing life-saving services to victims and their children in Duval and Baker counties for over 32 years.

More than 25,000 victims and their children have found safe refuge in the Hubbard House shelter, and another 100,000 women, men and children have been given the tools to keep their families safe.

Hubbard House gives help when it's needed most. Hope for the future--hope of peace for domestic violence victims, hope of a violence-free future for young boys and girls, and hope of a community united in its goal to end the violence in our homes.

If we continue to work together as a community, we will one day be able to say we fulfilled our mission of:

Every Relationship Violence-Free
